PROFESSIONAL SUMMARY

Detail-oriented Computer Science and Engineering graduate from Sylhet International University with a solid foundation in backend architecture, full-stack web development, and algorithmic problem-solving. Competent in engineering robust web applications using PHP and the Laravel framework, alongside designing machine learning models using Python and computer vision techniques. Proven analytical background with a track record of solving over 920 complex data structure challenges in competitive programming platforms. Passionate about code efficiency and structural optimization, seeking an entry-level Software Engineer or Backend Developer position within a high-growth engineering ecosystem.

TECHNICAL SKILLS

- **Programming Languages:** C, C++, PHP, Java, Python, JavaScript
- **Frameworks & Web Technologies:** HTML5, CSS3, Tailwind CSS, Laravel, Bootstrap
- **Databases & Core Architecture:** MySQL, Relational Database Design (RDBMS), Object-Oriented Programming (OOP), MVC Architecture, REST API Development
- **Machine Learning & Computer Vision:** TensorFlow, Keras, OpenCV, Convolutional Neural Networks (CNN)
- **Tools & Developer Platforms:** Git, GitHub, VS Code, XAMPP, Google Colab
- **Core Computer Science Knowledge:** Data Structures & Algorithms (DSA), Operating Systems (OS), Computer Networks, Database Management Systems (DBMS), Software Engineering Principles

ACADEMIC & PERSONAL PROJECTS

CareerConnectBD | [GitHub Repository](#)

Laravel 13, PHP, Vue.js, Bootstrap 5, MySQL

Final Year Project (B.Sc. in Computer Science & Engineering)

- Developed a full-stack web-based career and recruitment management platform supporting role-based access for Job Seekers, Employers, and Administrators.
- Implemented secure authentication, authorization (RBAC), job posting, job application management, resume management, employer dashboards, and recruitment workflows using Laravel 13 and MySQL.
- Designed responsive user interfaces with Vue.js and Bootstrap 5, integrated RESTful backend components, and maintained the project using Git/GitHub with comprehensive documentation and PHPUnit testing.

SIU Cover Page Maker | [GitHub Repository](#)

PHP, JavaScript, HTML5, CSS3, Tailwind CSS

Course: [Personal Project]

- Developed a web-based academic tool for Sylhet International University (SIU) students to seamlessly generate standardized cover pages for lab reports and assignments.
- Built customizable input forms with real-time preview and PDF generation capabilities, supporting dynamic configurations for year, semester, course, and faculty details.

BANGLA MART (E-Commerce Platform) | [GitHub Repository](#)

PHP, Laravel, MySQL, Tailwind CSS

Course: [Web Engineering Project]

- Developed an e-commerce deployment structure utilizing an MVC architecture backed by a relational database model.
- Designed clean user interfaces with Tailwind CSS components to maintain highly responsive execution profiles across diverse viewports.

Flower Classification Model | [GitHub Repository](#)

Python, TensorFlow, CNN

Course: Artificial Intelligence Lab

- Developed an AI-based classification system for identifying various flower species as part of a core Artificial Intelligence lab course.
- Implemented a Convolutional Neural Network (CNN) architecture to process image data and classify species with high accuracy.
- Utilized Python-based libraries such as TensorFlow and OpenCV for data preprocessing, model training, and performance evaluation.

Smart Home Automation System |

Arduino Nano, PIR Sensor, LDR Sensor, Relay Module, DHT11

Course: Microprocessors & Interfacing Lab

- Developed an IoT-driven hardware simulation layout integrating multiple environmental sensors to govern lighting, automated appliance routing, and state alerts.
- Programmed embedded C micro-logic rules to process dynamic sensor feedback loops, significantly minimizing static standby electrical draw.

COMPETITIVE PROGRAMMING

- **Algorithmic Mastery:** Successfully resolved **923 total algorithmic problems** focusing heavily on Dynamic Programming, Graph Theory, Greedy Paradigms, Mathematics, and Binary Search strategies.
- **Verified Profiles & Solve Verification:** [Codeforces \(476 Solves\)](#) · [VJudge \(243 Solves\)](#) · [CodeChef \(156 Solves\)](#) · [BeeCrowd \(48 Solves\)](#) · [AtCoder](#) · [UVA](#) · [LightOJ](#)
- **Programming Contests:** ICPC Asia Regional Online Preliminary (2023, 2024, 2025); **IUPC Onsite Contests:** CUET (2025), DUET (2025), Cumilla (2025), Metropolitan University (2024, 2025); SIU ICT Fest (2024, 2025).

EDUCATION

Sylhet International University

Graduation Year: 2026

- Bachelor of Science in Computer Science and Engineering

CGPA: 3.29 / 4.00

Chunarughat Government College

Passing Year: 2021

- Higher Secondary Certificate (HSC)

GPA: 4.17 / 5.00 (Science Group)

Dr. Mohiuddin High School

Passing Year: 2019

- Secondary School Certificate (SSC)

GPA: 4.33 / 5.00 (Science Group)

LEADERSHIP & VOLUNTEER EXPERIENCE

Lead Volunteer – Bangladesh Physics Olympiad (Sylhet Regional Round)

Jan 2025, Jan 2026

- Managed venue setup orchestration, administrative check-in operations, and final exam invigilation layouts for 500+ attendees.
- Liaisoned directly with localized university coordination bodies to maintain strict session timelines and project communication paths.

Lead Volunteer – Competitive Programming Bootcamp

Jan 2026

- Served as a volunteer for the 2-Day Competitive Programming Bootcamp (Jan 2026), organized by the Dept. of CSE, SIU.

Military Training – Bangladesh National Cadet Corps (BNCC)

23 Aug 2025

- Completed intensive battalion camping involving rigorous field discipline and tactical training.
- Successfully qualified in marksmanship training, achieving proficiency in small arms handling and precision firing protocols.

WORKSHOPS & TRAINING

- **Accelerate 3-Day Programming Bootcamp** (Intensive Contest Strategy & Optimization, Dec 2024)
- **Cyber Security & Digital Security Awareness Workshops** (Network threat containment, secure sessions)
- **Bangladesh National Cadet Corps (BNCC):** Actively participated in the Battalion Camping 2024 (17 Dec – 24 Dec 2024) and successfully completed all training events.

SOFT SKILLS & LANGUAGES

- **Soft Skills:** Analytical Thinking, Problem Solving, Team Collaboration, Leadership, Technical Communication
- **Languages:** Bangla (Native), English (Professional Working Proficiency)

CERTIFICATIONS

- **Google Cloud:** Skill Badge - "Using the Google Cloud Speech API" (Machine Learning & AI)
- **Sylhet International University:** Completed "Accelerated 3-Day Programming Bootcamp"
- **Sylhet International University:** Completed 3-Day Workshop on "C++ for Competitive Programming"
- **SIU ICT Fest 2023:** Competed in a programming contest, demonstrating problem-solving abilities in a high-pressure, competitive environment.
- **FutureNation (UNDP/Grameenphone):** Completed "Video Editing with AI"
- **FutureNation (UNDP/Grameenphone):** Preparatory Online Training on "IELTS Speaking Module"
- **YUNet International Youth Upskill Summit 2025:** Certificate of Participation
